"After years of work with people with chronic mental illness, I have seen many many individuals who don't see anything happening in their lives. They're treading water. I've known for a while there needed to be some sort of growth in their lives, most likely some intuitive or spiritual development. Then it hit me today that my clients really need to begin by following the path carved out by their values. Off to the Internet I went and I hit on your site. What

wonderful luck. The essay, ["The Power of Personal Values,"](#) by Roy Posner, says exactly what my clients need to know. I'm so glad you're there!"

related to: [Attracting Money](#)

"This is a wonderful resource as well as a source of inspiration. I couldn't sleep because I had health and money issues on my mind, so I turned on my computer and typed in a question like, "how can I

attract more money in my life?" I not only found the answer to that question, but the answers to many questions I have all the time. I shall begin immediately employing some of the most practical of suggestions on your site, as well as refer others to take a look."

DW

"I stumbled across your website looking for some help in a specific area -- in my case, finances and life organization -- and found so much more ... I feel like I have found something akin to a life operating manual in your site. ... Your page on attracting prosperity reads like a road map of the areas in my life where I am doing things to block the positive nature of things. Everything, every sentence rang true. ... It felt like an amazing discovery."

Jeff (USA)

related to: [Business Development](#)

"I was traveling through the internet today and came across your website. I am a business educator and am always looking for other ideas and thoughts to share. I find your site to be full of both great thoughts and ideas ... I look forward to continuing to read from your tremendous content."

"One month ago I found your websites through research on the subject of "change management", and I was really impressed by the depths of your information. You described perfectly the way [from Energy to Matter, from Vision to Manifestation](#). In the past three months I was looking for the right words to describe my interactive work with clients you got it."

Wolfgang (Germany)

related to: [Consecration, The Force; The Spirit; Sri Aurobindo/The Mother](#)

"So much of my efforts have been wasted-- or worse, counterproductive -- simply because I wasn't willing to trust the *Force* you refer to. And there is something about the act of *consecration* that gives me the patience to *wait upon the Lord*, so to speak. And as I experience the fruits of consecration, it eclipses by far any satisfaction I have gleaned from projects that I completed on (what Robert Persig calls) "ego strength." I've known this, theoretically, for a long, long time, but after reading your presentation, something *clicked* and I now find myself consecrating things more often than I worry about them. It's just great!"

Wayne

"Thanks for the wonderful knowledge that is provided in the site... I cant tell you how dramatically my life has changed after both my husband and me, why even our boys have opened up to the Force... I personally never get tired of visiting the site everyday, and what can I say except that may you keep adding to the wonderful work you are doing and from the bottom of my heart may I add GOD BLESS YOU!!!!!!!!!"

Lakshmi (India)

"Thank you for your wonderful articles about the Force ... and for your wonderful site."

Mia (Australia)

Absolutely brilliant article/s on consecration.

Asif

"I am writing to thank you for all of the amazing essays and articles I have recently read on your site. I have never heard the Truth communicated in such a lucid way.

Residing in Inner bliss has been THE obvious spiritual technique to me for many years now, but I never seemed to find it described as you have - even in the famous spiritual texts; however, after reading your essays, I now realize that this is what they have been saying all along!"

Steve (USA)

"I just wanted to say I think the content of your site is wonderful and has some of the best information I have found on spiritual growth."

Rhonda

"I am the happy to see your website on [total human evolution](#) - mental, physical, emotional, and spiritual. We very rarely see a website that handles this subject so thoroughly. ... The team working on this website deserve our greatest respect and deepest gratitude. Such devotion in action is a right example for all mankind; to get inspired and to move ahead on the path of self-realization. ... Thanking you all. I will in my own humble way serve your case by introducing this beautiful website to as many interested friends as possible.

Sathyamoorthy (Thailand)

"Just a month ago I came across your Growth Online Web site. Its really a grace for me and everyone who is connecting to it. I have started reading all the articles, interviews, knowledge base, inspiring essays. I don't have words to explain. At last I've got something from [the Mother](#) which I can apply in daily life more properly and feel Her Grace more and more. I feel very thankful to you for passing on Her grace throughout and reaching those of us who are aspiring

and really in search of something higher. I want to read more, everything in it, and develop myself."

Sharmilee

"We were truly amazed by [Sri Aurobindo's vision](#) over the human spirit, and by your efforts to spread his teachings."

Eduard (Romania)

"Your site is excellent filled with knowledge on applied spirituality. This is the definite way of reaching the teachings of [Sri Mother and Sri Aurobindo](#) to the people at large and a unique way indeed. It is commendable."

Vidya (India)

"I have started working very hard on consecration i.e. surrendering myself as often as I remember everyday to my inner being, my soul, my true self. Thanks so much to you, [Sri Aurobindo and the Mother](#) for showing me the way to open the door to the infinite power and divine inside me that have remained dormant during all these years. It is absolutely wonderful."

D (South Africa)

"God bless you, for all you are doing for me (and the world). I "stumbled" upon your site a couple of years ago, and have learned so much. I deeply desire the ability to consecrate more frequently and with more depth. ... The idea of deeply and intensely consecrating everything I do to the Divine holds a strong draw."

Kathy (USA)

"I've been practicing consecration since I found you on Growth Online, and it truly is miraculous. ... You are an inspired individual!"

KT (USA)

"Thank you for creating this site and guiding this soul. I went through the spirit centre section and read the article on self giving and expressing Gratitude. Hence this mail. My heart felt thanks for this endeavour."

It is exactly what I needed to find at this point on the path. Thank you for your service and generosity. My path has accelerated as a result and I am so very grateful. / In gratitude,"

Nora

[Sri Aurobindo's The Life Divine](#)

"What excellent work the [analysis of \[Sri Aurobindo's\] "The Life Divine"](#) is! I'm sure that the "Overview Opening" opens the door to many thousands perhaps who might turn away from it otherwise."

Bill

"I am quite moved by your analysis of the great book "[Life Divine](#)" by Shri Aurobindo. Never have I come across such a profound analysis of the book."

Bappaditya (India)

"Last night I googled "aurobindo" and saw your webpage on analysis and summary of [The Life Divine](#) and had a look-see. And maaan, was I excited!? It all makes sense because of the way you present Sri A. writings. ... I found your analysis, your unpacking of Sri. A.'s very IMPORTANT WORK spot on!"

Helen (Canada)

"The site I "ambled" onto a little while ago with regard the [The Life Divine](#) is absolutely fantastic. I am so overwhelmed with the nature of your writing of interpretation and analysis that I am quite awed at the

thought that you have done all of this work and created this site.

Although it is but from one person, please accept my profound appreciation for your attunement with Sri. A. and to the manner and nature of the energy and time taken that you have given to provide this one reader total ecstasy in and of and for the work. I am multiplied by thousands I am sure; but singularly and personally I want to extend my gratitude and awe to you."

Denise (USA)
